

22 Classes Everyone Should Attend During Their Lifetime

by Vicki Blazejowski

Make your dreams become reality by *Propelling YOUR Ideas Forward* at the [SCS 2012 Enrichment Conference](#) on April 28, 2012 at St. Charles School in Woburn, MA.

The 60-minute mini courses being offered during the conference are information-packed sessions that everyone should consider attending during their lifetime. Following is the list of 22 classes being offered throughout the day. This is your opportunity to **attend up to 5 classes for one low fee of only \$69 if you register by April 5th.**

THE FOCUS

This year's theme is *Propelling YOUR Ideas Forward*. Why? Because there are great ideas out there that haven't made it to fruition... the originator just wasn't sure of the right steps to move forward.

Do you have a new product idea, but are not sure how to bring it to market? Have you written a manuscript, but are not quite sure how to publish it? Have you started (or would like to start) a small business, but could use some expert advice on how to get started and promote it? Do you have a child attending college in a year or two and would like to know how best to research, prepare, and complete a college application? We've designed these conference courses around these questions and many more just like these.

THE FORMAT

The conference will run from 8:00am to 4:10pm on Saturday, April 28, 2012. It will consist of over 22 information-packed, 1-hour mini courses designed to motivate and

educate individuals and business owners. Four to five classes will be offered simultaneously; each hour choose to attend the one that most interests you. Click here for the day's [SCHEDULE](#).

THE PRICE

Attend up to 5 classes for one low fee of \$79 (**or \$69 if you register by April 5th**). Even if you attend just 2 or 3 of the classes, this conference is still an unbelievable value!
